

Product Specification Sheet

Standard Product (Floor Covering)

Features:

- General purpose, fire retardant, flexible PVC formulated for good oil resistance.
- Material meets all safety regulations per Federal Vehicle Safety Standard No. 302.
- Material meets GM 9070P flammability test DNI (Does Not Ignite) denotes that material does not support combustion during or after ignition.
- Material meets Ford specification BO 116-03 (interior vehicle applications)
- Material: Vinyl
- Burn Resistance: Cigarette and solder burn resistance
- Asbestos-Free: Product shall contain no Asbestos
- Lead-Free: Product shall contain no Lead

Specifications:

Typical Properties (0.075)		ASTM Method
• Specific Gravity, (+/-0.02)	1.30	D-792
• Hardness, Shore A (+/-3)	81	D-2240
• Tensile,PSI	2450	D-412
• Elongation, %	375	D-412
• 100% Modulus,PSI	1200	D-412
• Brittle Point, C	-35	D-746
• Oxygen Index, %	23	D-2863
• Tensil Retention, %	94.6	UL 1581
• Elongation Retention, %	88.2	UL 1581

Oil Testing: On 7 days in IRM 902 Oil @ 60C, 0.075
