## **Garage Flooring LLC Obtains AmericanGarageFloor.com**

*Garage flooring leader acquires competitor website to expand industry leadership*

GRAND JUNCTION, Colorado – Garage Flooring LLC, a national leader in garage flooring materials and accessories, is pleased to announce that it has acquired the domain name [AmericanGarageFloor.com](http://AmericanGarageFloor.com), from one of its largest competitors.

In securing AmericanGarageFloor.com, the company looks to effectively merge the newly acquired domain with its current website, [GarageFlooringLLC.com](http://GarageFlooringLLC.com), to create a single, comprehensive source for garage flooring supplies. Customers seeking top quality flooring products and garage storage options will find it all at a bigger and better GarageFlooringLLC.com, designed to provide totally encompassing service.

American Garage Floor, as a company, has been retailing American-made garage flooring products to customers since 2005. In acquiring the AmericanGarageFloor.com domain name, Garage Flooring LLC will bolster its own American-made products, aligning the website and existing company logo with its inventory of domestically-produced flooring options to showcase its emphasis on quality.

The procurement of AmericanGarageFloor.com also signals exceptional growth for Garage Flooring LLC, as it seeks to strengthen its superior reputation within the industry. Already one of the leading providers of American-made garage flooring materials, the company will utilize its expanded online presence to compete more efficiently with big box chains and other niche companies specializing in garage flooring.

“Merging two of the largest, most comprehensive websites in operation today is a forward-looking approach that we’ve taken to remaining at the top of our industry,” said Justin Krauss, Co-Founder and President of Garage Flooring LLC. “We now have the opportunity to communicate our superior quality products, unparalleled customer service and seasoned expertise to consumers nationwide on a larger scale than ever before.”

Garage Flooring LLC is known for its tremendous inventory of garage flooring products, spanning mats, epoxy coatings, tiles and more, as well as its selection of garage cabinets, shelves and overhead storage compartments. Projecting some of the lowest prices on flooring materials available on the market today, the company prides itself on procuring quality, cost-effective solutions for residential, commercial and industrial garage spaces.
