

# ALLSAFE STRIPPER

Hilway Direct Allsafe Stripper is a low pH stripping agent and heavy duty cleaner for stripping and cleaning newly installed or heavily soiled floors. Safe for use on sensitive surfaces such as rubber and linoleum.

### Low pH Stripping Agent

- Safely Removes Acrylic Finishes, Adhesive, Dirt & Grease
- Heavy-duty Cleaning Agent
- Will NOT Damage Sensitive Flooring Surfaces
- Low pH Value

### Flooring Types

- Sheet Vinyl
- Rubber
- LVT
- Marble
- VCT
- Linoleum
- Concrete
- Terrazzo
- Cork
- Slate
- Quarry Tile
- Asphalt Tile

### Environments

- Healthcare
- Schools & Universities
- Institutional
- Office Buildings

### Additional Product Information

- ▢ Use undiluted to remove finish from newly installed floors.
- ▢ Use diluted to remove stubborn dirt, grease, adhesive from floors.
- ▢ Safe for use on sensitive flooring types such as Linoleum, Rubber & Cork.
- ▢ Mop & Bucket or Auto-Scrubber.
- ▢ Ensure work area is well-ventilated.
- ▢ Covers up to 1,000 sf per 1.33 gallons.

### Directions for Use

#### Cleaning After Installation:

Sweep or vacuum floor. Dilute: For stubborn dirt 1:5 (2 oz stripper to 10oz water) or 1:10 (1oz stripper to 10oz water). In case of only slight soiling, adjust dilution ratio accordingly. Distribute solution over floor and allow to stand for approximately 10 minutes then agitate with a green pad or scrubbing brush on an automatic scrubber. For manual application, use a standard mop and scrub brush. Do not allow solution to dry on floor. Pick up dirty solution with wet-dry vacuum or mop and follow with clean water rinse. Allow floor to air dry.

#### Stripping/Removing Finish:

Sweep or vacuum floor. Apply stripper to floor, diluted 1:5 or 1:10. Allow to stand for 15-20 minutes then agitate the flooring surface with a green pad or scrubbing brush on an automatic scrubber. For manual application, use a standard mop and scrub brush. Do not allow solution to dry on floor. For sensitive flooring surfaces, if necessary, dilute Allsafe Stripper and apply several times with shorter stand times. (Sensitive surfaces should be tested prior to full use.) Pick up dirty solution with wet-dry vacuum or mop and follow with clean water rinse. Allow floor to air dry.

**Important Note:** Sensitive surfaces should be tested in an inconspicuous area prior to full use.

### Details

- ▢ 1.33 Gallon Container
- ▢ Commercial & Industrial Use ONLY
- ▢ Mild, pleasant fragrance
- ▢ Read complete product label & MSDS sheet prior to use.
